# BAND BIO

Not Your Ex Lover (NYXL) is a Latina, femme, glitter-rock band based in Bend, Oregon. Their music tells the story of love and heartbreak with a grunge-pop vibe - and lots of sparkle. The band was formed in the high desert in Central Oregon in 2022, bringing together Kourtnei (lead vocals, lyricist, and rhythm guitar), Julie (lead guitar and violin), Reya (bass and vocals), and KiKi (drums). NYXL began their journey in a neon-lit garage, where late-night jam sessions shaped their sound and strengthened their sisterhood. After a year of experimentation and self-discovery, they emerged with a powerful style that channels the truth of their experiences alongside the joy and playfulness of their aspirations.
